Exploring Majors & Career Options

Make the Most of your time at Penn State

• Visit Career Services to explore your own process of decision-making, engage in self-assessment activities, and identify the action steps necessary to define and achieve your goals
• Meet with your academic adviser to learn about majors, academic options, course content, and requirements
• Establish a relationship with faculty to learn about opportunities to gain experience in and outside of the classroom
• Increase your exposure to career fields of interest through job shadowing, internship, volunteer, or work experiences during academic and summer breaks

Career Planning Steps

• Self-awareness
  Increasing your self-awareness will help you determine a major or career path that is a good fit for you.
• Engage in discussion, activities, and career assessments (such as MyPlan.com) to identify your interests, values, abilities, and personality. Through career counseling you can work toward understanding who you are and apply this information to career decisions.
• Explore Career Options
  Explore career options so you can connect your knowledge, interests, values, abilities, major and personality to careers.
