Premium Quality Course Materials

Included in your course registration fees, you will receive *The Learning System for PMP® Exam Preparation*. This premium quality program combines comprehensive printed reading materials with interactive online study materials to expand, apply and solidify your knowledge to pass the PMP exam.

Comprehensive Reading Materials

- Three printed books, containing over 650 pages of content, provide an in-depth exploration of the five knowledge domains tested on the PMP exam. These materials are organized into 14 chapters including:
 - **Chapters 1-3:** Project Management Concepts, Framework, and Skills – to provide context and an overall framework for the study content to follow.
 - **Chapters 4-13:** Covering each of the 10 Knowledge Areas of the *PMBOK® Guide—Fifth Edition* (Integration, Scope, Time, Cost, Quality, HR, Communications, Risk, Procurement, and Stakeholder Management), following the organization of the *PMBOK® Guide—Fifth Edition* for easy cross-reference.
 - **Chapter 14:** Preparing for the PMP Exam (test-taking tips and strategies).
- A glossary of key PMP terminology is included at the end of each chapter, with official PMI® definitions (utilizing the *PMBOK® Guide—Sixth Edition* glossary).
- Progress check questions are included at the end of each chapter to help students check their understanding and retention of topics.
- Topics are presented in a concise, easy-to-understand format to cover the *PMP® Examination Content Outline*, and are organized to follow the *PMBOK® Guide—Sixth Edition*.

Interactive Online Study Tools

Participants will have access to interactive online study tools for one year. These tools provide participants with an opportunity to apply and reinforce concepts, evaluate their knowledge, and monitor their growth throughout the course. Over 900 practice questions are included in the following online tools:

- **Pre-test:** Evaluate initial knowledge to identify areas of strength and weakness and focus studies.
- **SmartStudy™:** Build a customized study plan to optimize study time.
- **Chapter Quizzes:** Test comprehension, retention, and ability to apply concepts.
- **Process Group Quizzes:** Practice test questions by domain area.
- **Flashcards:** Review important key terms and definitions.
- **Post-test:** Gauge knowledge gained and areas that require further study.
- **Practice Exam:** Build confidence with a test that emulates the software used at the PMP computer-based exam testing center.
- **Progress Reports:** Track your activities and scores.
- **Resource Center:** Access helpful test-taking tips, PMP exam resources, feedback links, and more.

PMP Prerequisites and Exam Details

Our course is designed to prepare individuals for the PMP Exam. The PMP is highly recommended for experienced project managers looking to advance their skills, career, and earning potential. Candidates must meet education and experience requirements detailed below, agree to a professional code of conduct, and pass the PMP Exam.

Education and Experience Prerequisites

To apply for the PMP, you need to meet all education and experience prerequisites in one of the following two categories:

	General Education	Project Management Experience	Project Management Education
Category A	Secondary Degree (high school diploma, associate's degree or the global equivalent)	Minimum of five (5) years of non-overlapping project management experience, with 7,500 hours leading and directing projects	35 hours of project management education
Category B	A four-year degree (bachelor's degree or the global equivalent)	Minimum of three (3) years of non-overlapping project management experience, with 4,500 hours leading and directing projects	35 hours of project management education
